

## Return to School

In September I will be returning to school. I will notice some things are different than before. There will be signs posted around the school and people will be wearing masks. Here are some pictures to help show me what this will look like.

Here is the entrance to the school where I will see signs telling me about COVID-19 and staying 6 feet from other people.

Also, there will be a hand sanitizer station in the main entrance that I can use to make sure my hands are clean. I will also see hand sanitizer available in my classroom and other areas around the school.

I will see arrow stickers on the floor telling me which side of the hallway I'm to stay on and what direction I'm to walk.

Also, on the floor I will see stickers that remind me to stay 6 feet from other people. Here's what they look like.

As I walk down the hallways, I will see that the lockers are locked which means they are not available to use right now. I will bring all my stuff into my classroom where my desk is located.

In my classroom there might be a sink, and this is where I can regularly wash my hands. There will be plenty of soap and paper towels that I can use. There's a poster near the sink to help me remember how to properly wash all the germs off my hands.

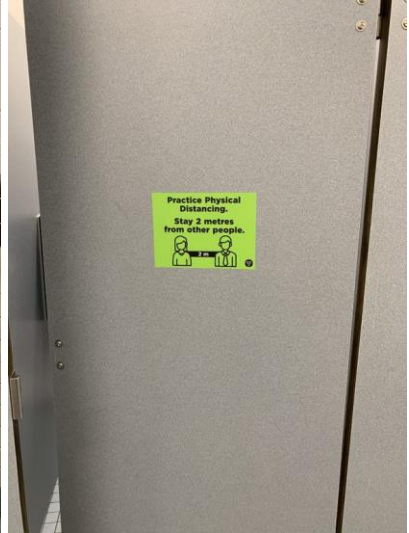

The desks in my classroom will be spaced out to help maintain physical distancing while I'm learning. I will eat my lunch at my desk and can still talk to my friends in my classroom.

If I need to refill my water bottle I can at the refilling stations as the water fountains will not be available to use.

When it's time to use the washroom only a certain number of students will be allowed to go at the same time. They will need to write their names down along with the time they went, this list will either be outside my classroom or washroom area.

When it's time for recess I will go outside with my class and play with only those friends from my classroom. There will be assigned "zones" for each class and I will need to stay in my "zone" every recess.

While I'm at school I will need to wear a mask to cover my nose and mouth. This is to help stop the spread of germs. I can take my mask off during lunch to eat. If my mask gets dirty or lost I will tell my teacher and they will give me a new mask I can wear. I will see lots of people wearing masks around the school. I may need a break from my wearing my mask to blow my nose or take a drink of water. I need to make sure that I'm 6 feet away from others and do this as quickly as possible.

If I have any questions I can ask my parent(s), guardian, or any teacher. I know there will be lots of new things to learn but teachers will help me with these new rules and remind me if I forget.

**School staff are excited to see you soon!**
